COAL MINERS
ARE REFUSED
FINE REBATE

LEWIS ATTITUDE
TOWARD COURT
CONDEMNED

By MAX HALL

Washington, April 10 (P)—Federal Judge T. Alan Goldsborough refused today to cut the United Mine Workers \$3,500,000 fine at this time, declaring there is evidence John L. Lewis has taken "advantage" of the Centralia, Ill., mine explosion to cause a new coal strike.

The justice, who imposed the historic fine for contempt of court last December, postponed consideration of the matter for two weeks, until April 24.

The \$2,800,000 cut—*w h i c h* would give the union a refund because it has put up a \$3,500,000 deposit—was ordered March 6 by the supreme court provided the union dropped all plans for a strike in the Government-seized mines.

Production Steps Up

Goldsborough said Lewis and the union have not yet shown "good faith" in obeying the supreme court. The soft-spoken, bald federal judge also said Lewis showed "an utterly contemptuous attitude toward the courts."

His rejection of the union's plea for a refund did not immediately change the crippled and confused state of the soft coal industry. Many hundreds of government-held mines were still idle today—some closed by the government and some idle because the miners wouldn't work.

The Coal Mines administration said that more than 28,000 additional soft coal miners went to work today, and production was estimated at 1,215,200 tons, 51 per cent of normal.

The agency said 1,692 mines were in operation, 216 more than yesterday. The number of men at work was estimated at 155,723, compared with 127,636 yesterday, when production totaled 1,036,926.

But the judge's action was one more legal jolt for Lewis in the same small panelled courtroom where Goldsborough put a \$10,000 fine on him personally last Dec. 4 in addition to the larger fine on the union.

Another blow at Lewis was aimed today by Secretary of the Interior J. A. Krug, testifying before a Senate committee which is studying the Centralia disaster that killed 111 men on March 25.

Krug, whom Lewis had accused as the "arch-criminal" of the explosion, said the union's record on safety in the coal mines is one of "almost unbroken neglect."

He said the union has failed to take advantage of a clause in its contract with the government, giving the men at each mine the power to shut down operations when a mine is too dangerous to work in.

In court, Assistant Attorney General John F. Sonnett said the same thing.

In effect, he blamed the union for the present widespread coal shutdowns. And in return, the union lawyers blamed the government, pointing out that Krug on April 3 ordered the closing of 518 mines for safety reasons.

Weather

Reported by U. S. Weather Bureau

ESCANABA AND VICINITY: Rain most of today and colder at night. Strong shifting winds ending tonight. Saturday partly cloudy and colder. High 38, low 30.

UPPER MICHIGAN: Rain most of today and colder tonight. Rain mixed with snow near Lake Superior. Strong shifting winds. Saturday partly cloudy and colder. West and northwest winds.

LOWER MICHIGAN: Clearing and turning colder today with occasional showers. Strong westerly winds. Saturday generally fair and colder. West and northwest winds.

Mojave Earthquake Felt In 3 States

Los Angeles, April 10 (P)—A severe earthquake, spending its greatest force on the sweeping Mojave desert, rocked 60,000 square miles of Southern California, Arizona and Nevada today, but damage was minor and no serious injuries were reported. Its onset was recorded at 9:58:32 (Central Standard Time) on seismographs at California Institute of Technology, Pasadena. A second shock at 10:03:27 was followed by a score of settling nature. Center of the disturbance was put near sparsely-settled Lucerne Valley, north of the San Bernardino mountains.

Business Must Cut Prices, Says Truman

BY WILLIAM R. SPEAR

Washington, April 10 (P)—President Truman said today the responsibility for reducing high prices is squarely on business, and Attorney General Clark followed up with a statement that the anti-trust laws do not interfere with voluntary price reductions.

The question arose at Mr. Truman's news conference as to whether business men would risk antitrust prosecution if they got together to lower prices. Mr. Truman expressed belief they would not be prosecuted if they consulted the justice department.

Clark's statement said that price-fixing arrangements among competitors are normally illegal. He declared he knows of no industry in which it is necessary for competitors to get together to cut prices, but if any such case arises, the justice department will "give it special study."

In the usual case, he said, a business man who is able to cut his prices, and who feels that he will obtain an advantage from so doing, can and should go ahead without arrangements with his competitors.

"That is the essence of competition and free enterprise," he said.

Mr. Truman said that if prices are not brought down, then wage increases will be justified. He declared profits generally for 1946 and the first quarter of 1947 are very great.

With figures showing the cost of living now 53 per cent higher than in 1939, Mr. Truman de-

NO JOKE, SON — If it's in Pravda it must be so, thinks this bewildered, bedraggled Russian soldier who has just learned the war was over by reading his favorite newspaper. He escaped from German POW camp in western Germany in 1942 and was recently found hiding out on a farm there.

FRANCE WANTS TO ANNEX SAAR

Britain And U. S. Agree To Demand; Molotov Put On Spot

By WES GALLAGHER

Moscow, April 10 (P)—The United States and Britain agreed tonight to French demands that the 73-square mile Saar and its 863,000 predominantly German population be slashed from Germany and the coal-producing economy be administered solely by France.

U. S. Secretary of State Marshall proposed that the first steps toward that goal be taken by the council of foreign ministers.

He said the series of conferences might delay slightly his previously announced plan to deliver his message to the Legislature Tuesday or Wednesday.

PLANTS SILENT TO HONOR FORD

Funeral Of Automobile Pioneer Attended By Top Industrialists

Santa Fe Tracks Cleared Of Wreck; 12 In Hospitals

Raton, N. M., April 10 (P)—Twelve injured passengers remained in Raton hospitals today as workmen labored to clear the Santa Fe railway's wrecked Super Chief from its blocked northern main line.

The remainder of the all-Pullman Flyer's 159 passengers, stranded after the luxury train leaped the track near Raton last night, resumed their eastward journey in a special relief train.

Two elderly women were reported the most seriously injured of 20 passengers hospitalized or given emergency treatment. The two, both past 80, were Mrs. Jeanette Johnson of Toronto, Canada, who suffered shock and loss of blood from lacerations; Mrs. Robert G. McGann of Santa Barbara, Calif., and Lake Forest, Ill., who received deep scalp cuts.

Its onset was recorded at 9:58:32 (Central Standard Time) on seismographs at California Institute of Technology, Pasadena. A second shock at 10:03:27 was followed by a score of settling nature. Center of the disturbance was put near sparsely-settled Lucerne Valley, north of the San Bernardino mountains.

The beginning of the services and the tribute to the illustrious dead was signalized by the tolling of church bells throughout Detroit. It was probably the greatest tribute ever paid to a private citizen here.

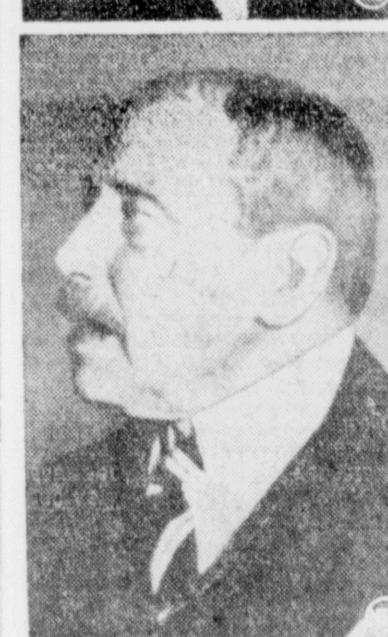

Among the large assemblage within the cathedral were scores of the nation's most prominent industrialists, including many from the automotive industry who had long competed with him.

Central figure among the living, however, was Clara Bryant Ford, Henry Ford's widow, who will be 80 years old tomorrow—the day that also marks the 59th anniversary of their marriage.

OUTLAWS LOOT BASES

Washington, April 10 (P)—The war department has asked Army headquarters in the Philippines for a report on the "overall situation" regarding the looting of United States military bases in the islands by outlaw bands.

Officials said today that the theater command started investigations several months ago.

RULES DENMARK — Crown Prince Frederick, top, is now the ruler of Denmark. He was appointed by his father, King Christian X, shortly after the 77-year-old monarch was ordered to take a complete rest following a recent heart attack.

GAMBLING BILL UP AT LANSING

Legalized Slot Machines Included; No Chance Seen For Passage

Michigan, April 10 (P)—A severe storm centered near Omaha, Neb., at 1:30 p. m. (CST) today was moving northeastward across Iowa and was expected to reach the Lake Superior region by Friday morning, the U. S. weather bureau said.

The storm was causing strong, shifting winds over the entire Great Lakes region. Storm warnings were up on Lakes Superior, Michigan and Huron, calling for southwest winds on Lakes Michigan and Huron up to 40 to 45 miles an hour today and tonight, becoming westerly late tonight and tomorrow and gradually diminishing tomorrow.

Thunderstorms accompanied by heavy rain were forecast for the lakes area, with high, gusty winds.

The storm has produced heavy rains, up to two to three inches, in Kansas, Nebraska, and Iowa, and will bring drenching rains to northern Illinois, Wisconsin, Minnesota and Michigan. Winds will attain velocities of 35 miles per hour, with gusts to 45 or 50, in the entire storm area.

Extremely warm air lay in the vanguard of the storm, with Chicago attaining its highest temperature of the year, 70, today. The predicted maximum for tomorrow was 49 to 50.

A pronounced change to colder will follow the storm in Minnesota, Wisconsin and Michigan, and some showers in those states may be mixed with snow. Snow mixed with rain fell at Sault Ste. Marie, Mich., today.

Throughout the motor industry, in city and state affairs and in some related industries across the nation others joined in a brief tribute of silence as public funeral services were held in St. Paul's Episcopal cathedral in midtown Detroit.

Afterward the body of the frail genius, who died shortly before midnight last Monday of a cerebral hemorrhage, was taken to its final resting place in a private cemetery beside the bodies of his father and mother and other relatives.

The beginning of the services and the tribute to the illustrious dead was signalized by the tolling of church bells throughout Detroit. It was probably the greatest tribute ever paid to a private citizen here.

They include Kenneth J. Daniels, Detroit; Thomas J. Bailey, Lansing, and John B. Sosnowski, Detroit.

The Senate also confirmed the appointments of Stewart M. Dodge, Plymouth, to the state board of pharmacy and Dr. Franklin L. Troost of Holt to the state board of registration in medicine.

Lawless Elements Corralled In Berlin

Berlin, April 10 (P)—Troops of the four occupation powers supported by the entire German police force of 5,000 men rounded up hundreds of persons in a 24-hour city-wide drive ending tonight to clean up Berlin of lawless elements.

Nearly 400 persons were arrested in the American and British zones, but the Russians and French gave out no figures. No "important catches" were reported.

FORESTERS ASSIGNED

Marquette, April 10 (P)—Wesley Lehman, and Arne Metso today were named assistant district foresters for the Baraga State forest, and the Sturgeon river and Escanaba river State forests respectively.

Texas-Oklahoma Panhandle Area Loss In Millions

Towns Leveled; Fires Follow Worst Storm In History; More Bodies Being Dug From Wreckage

Woodward, Okla., April 10. (P)—A tornado ripped through western Texas and Oklahoma last night killing 132 persons, injuring at least 1,305 and leaving millions of dollars of property damage in its wake.

Reports from Red Cross field units to the Texas highway patrol estimated that as many as 154 may have died in the tempestuous storms and that even more dead might still be found in the wreckage.

The Red Cross at St. Louis reported 132 known dead and at least 1,305 injured as follows: Woodward, Okla., 85 dead, 1,000 or more injured; Higgins, Tex., 34 dead, 232 injured; Glazier, Tex., 13 dead, 40 injured; White Horse, Okla., none dead, 30 injured; Gray county, Tex., nine dead, three injured.

Worst hit was Woodward, where 100 blocks of buildings, most of them residences, were leveled. The highway patrol estimated that 100 persons may be dead here.

Fires broke out in Woodward and were uncontrolled for several hours.

Communications throughout the area were difficult at best, and in many instances impossible except by courier. The couriers, themselves, had to contend with blocked streets and roads.

Aside from difficulties imposed by the telephone strike, many phone and telegraph wires were blown down by the storm, and the highway patrol reported short wave radio almost useless because of noise interference.

H. C. Carnahan, Woodward wholesale druggist, reported the storm struck with "a loud swishing noise, like the rush of escaping steam."

Automobiles In Air

"We could see automobiles, barrels and merchandise of all kinds whipping up the streets."

He said that all windows of a four-story hotel were shattered on its south side, that the top of a drug store had been blown off, an apartment unroofed, and that he had to climb trees and debris to reach his home.

The storm, he said, may have lasted 10 minutes—or "it may all have been over in just three."

The general course of the storm was northeast from White Deer, Tex., 50 miles from Amarillo, then through Glazier, Higgins, Tex., Gage, Okla., and Woodward. All except Woodward, which has a population of 5,500, are communities of less than 1,000 persons.

Small tornadoes struck Fowler, Newton, Sharon, Isable and Hartman.

DRIVER LICENSE \$3 FEE KILLED

Senator Calls Proposal 'Nuisance Tax'; Public Disfavor Certain

Lansing, April 10 (P)—The House was asked to approve legislation gambling today.

A bill introduced by Rep. Arthur C. Hauffe, Saginaw Republican, would license and regulate slot machines, gambling games and gambling devices.

Hauffe admitted at the outset, however, that the bill "hadn't a chance of passage." The measure, which Hauffe said was an exact copy of the Nevada law, would tax professionally operated card games \$25 a month for each table, slot machines, \$10 a month and other gambling devices \$50 a month.

A bill which would have permitted delegates to county party conventions to select county committees was defeated in the House today by a 29 to 56 vote. Opponents contend the delegates do not have a vital interest in party affairs as county candidates which presently select the committee.

The bill which would have permitted delegates to county party conventions to select county committees was defeated in the House today by a 29 to 56 vote. Opponents contend the delegates do not have a vital interest in party affairs as county candidates which presently select the committee.

NOTHING NEW ON TELEPHONE STRIKE FRONT

A. T. & T. OFFER NOT ACCEPTABLE, SAYS UNION CHIEF

Washington, April 10. (P)—A new jolt was handed tonight to hopes for an early end to the cross-country telephone strike with a union announcement that the pending proposal to end one major phase of it "did not conform" to union policy.

The policy committee of the National Federation of Telephone Workers did not reject the plan outright, however, and said it has not completed its study.

Further, President J. A. Beirne of the federation said that when the policy makers reconvene tomorrow (10 a. m. CST) they will issue a proposal which he regards as a "step toward settlement" of the 4-day strike.

FOUR SENTENCED BY JUDGE BELL

Desotelle Given One To Four Years; Others On Probation

John Desotelle, 42, of Gladstone, yesterday was sentenced by Judge Frank A. Bell to serve not less than one year nor more than four years in prison at Marquette after Desotelle had pleaded guilty to a charge of felonious assault earlier in the term.

Desotelle was arrested Feb. 22 in Gladstone after an argument in Jean's hotel in which Desotelle knifed Victor Omelian of 119 South Court street, Gladstone. Omelian suffered cuts on his hands, a three-inch cut on his left side. He was hospitalized for about two and one-half weeks and is now recovered.

Three Gladstone young men were given three-year probationary terms and a lecture on the evils of drinking and frequenting taverns by Judge Bell. They were sentenced for unlawfully driving away an automobile. Two of the men had also pleaded guilty to breaking and entering in the night time.

Sentenced to two years probation were Louis J. Brunette, 17; Dwight Arnesen, 20, and James Beauchamp, all of Gladstone.

During the period of their probation they must keep away from taverns and alcoholic drinks, and make regular reports to the probation officer.

One other criminal case, that of Harry Boak of Charlevoix, charged with illegitimacy, was continued to the July term of circuit court. Boak was recently arrested here and pleaded not guilty on arraignment. Prior to his arraignment the jury had been dismissed, and Boak was returned to jail to await trial in July.

The civil case of the Menominee Box & Lumber company vs. Joseph D. Preston, the court ordered a judgment of \$2,735.21 against the defendant, and costs of \$215.00. Preston failed to fulfill a contract with the Box company, and had received an advance in money for the delivery of lumber to the company.

Court is expected to conclude today, and Judge Bell will return to his home in Negauenee; and George H. Gauthier, court reporter, to his home in Marquette.

A plane's propeller usually reaches speed of sound (764 mph at sea level) at about 450 mph, since its own speed of rotation is added to forward speed.

The first commercial sulfur production in modern times was in Sicily during the 15th Century.

DISABLED VET AIDS LIBERAL

Not Governed By \$175, \$200 Subsistence. Income Ceiling

Education and job-training benefits available to disabled veterans are more liberal under the Vocational Rehabilitation Act (Public Law 16) than under the G. I. Bill (Public Law 346). H. A. Mosher, head of the U. P. office of the Veterans Administration in Escanaba, said yesterday.

Mr. Mosher said that in nearly every instance it is to the advantage of a disabled veteran to receive his schooling or job training under provisions of Public Law 16.

Under the G. I. Bill, veterans may be entitled to one year of education, plus the time they spent in service, up to a maximum of four years. Job-training courses under the G. I. Bill generally are limited to two years. Also, under the G. I. Bill, veterans are affected by the \$175-\$200 monthly income-subsistence ceiling.

Under Public Law 16, disabled veterans may enroll in educational or training courses of sufficient length to permit them to overcome their handicaps. However, these courses usually do not exceed four years. They are

\$38,005 In Primary Fund Given Schools

Delta county school districts have received a total of \$38,005 in primary school money, designated the fourth payment, and disbursed to the school districts in the townships and cities through the offices of the county treasurer.

The funds were disbursed according to a State formula in the following amounts to the various districts:

Escanaba city—\$11,489; Gladstone city—\$2,095. Township of Baldwin—\$1,739; Bark River—\$5,512; Bay de Noe—\$3,74; Brampton—\$615; Cornell—\$1,104; Ensign—\$677; Escanaba—\$2,173; Fairbanks—\$747; Ford River—\$1,071; Garden—\$1,448; Maple Ridge—\$4,590; Nahma—\$2,332; Wells—\$3,738.

18 Are Admitted To Citizenship

Not Governed By \$175, \$200 Subsistence.

SUPERVISORS TO MEET TUESDAY

New Delta County Board Will Elect Chairman For Coming Year

The "new" Delta county board of supervisors will meet in annual organization session at 10 a. m. Tuesday in the court house at Escanaba, with the first order of business the election of a chairman to preside at board session in the ensuing year. The chairman will also appoint standing committees for the year.

Ole J. Thorsen of Wells, who was defeated for reelection as township supervisor in the April 7 balloting, had been chairman of the Delta county board for the past eight years. Supervisor Charles Priest of Escanaba was chairman pro-temp last year.

There has been considerable speculation on possible nominations for the chairmanship at next Tuesday's organization meeting of the board. Some supervisors looked forward to a session in which there would be several candidates nominated and considerable balloting before the position was filled.

New supervisors from the town-

ships who will be seated at Tues- day's meeting will be:

Vernon C. White of Wells town- ship, who defeated Ole J. Thor- sen for reelection.

Jovite Roberts of Escanaba township, who defeated Earl Pa- quin for re-election.

Chester Peak of Ford River township, a slip candidate, who defeated Jerry Fenlon for reelection.

Howard Gierke of Fairbanks township, who defeated Leo Mer- cier for reelection.

Elmer LaCost of Garden town- ship, who was elected without op- position. There was a vacancy for supervisor in that township fol- lowing the resignation of Harry Greene, who was appointed Delta county road commissioner.

There will also be an appoint- ment of two Gladstone super- visors at a meeting of the Glad- stone city commission to be held Monday night. There will be no change this year in Escanaba's representation on the board of su- pisors.

"Rented the first day" said Smith

Raffin Elected Iron Mt. Mayor

Iron Mountain—Ermilio (Skeep) Raffin, lifelong resident of Iron Mountain, was named mayor of the city, in Monday's election, over Ivar H. Anderson, who held the office for three two- year terms, a slip candidate, who defeated Jerry Fenlon for reelection.

Howard Gierke of Fairbanks township, who defeated Leo Mer- cier for reelection.

Elmer LaCost of Garden town- ship, who was elected without op- position. There was a vacancy for supervisor in that township fol- lowing the resignation of Harry Greene, who was appointed Delta county road commissioner.

Raffin, who entered the mayor- alty race as an Independent can- didate, and was nominated with- out opposition in the primary, won a majority of 55 votes over Anderson in Monday's election, polling heavy majorities, partic- ularly, on the north side.

"Rented the first day" said Smith

U.S. MAIL

Reforestation is Essential

ON THE eve of the 75th anniversary of Arbor Day, observed yesterday in the United States, President Truman called upon the nation to build up its timber growth as protection for the future.

The real significance of the president's fears regarding America's forest lands is contained in the annual report of Lyle F. Watts, chief of the United States Forest Service. Watts reported that the United States is now overdriving its saw-timber bank account by about 18.6 billion board feet a year.

If present forest practices and the present rate of saw-timber cut continues, the nation will lose about 27 per cent of its timber resources in the next 20 years. The situation in Upper Michigan and in the Lakes States is even more acute. In this area, according to the U. S. Forest Service, there is not sufficient saw-timber of suitable size and quality to sustain present production levels much longer.

The situation is one that calls for forthright action. First, there must be a sharp increase in the rate of tree plantings, not only by the federal Forest Service, but by state conservation departments and particularly by small land owners and farmers who possess a substantial percentage of the nation's forest lands.

Secondly and of even greater importance, there must be a broadening of good forest management principles in all of the remaining timber lands.

The job of reforestation in America is not exclusively one of artificial restocking. This is necessary, fortunately, only in denuded areas and where fires have swept through to destroy natural seed sources. In well managed forest tracts, the job of restocking is ably handled by nature, with an assist from foresters who give the young trees a chance to grow and develop into another cash crop.

The problem of reforestation in the United States is the problem of 75,000,000 acres of barren or poorly stocked forest lands awaiting replanting to preserve the forest heritage of America.

Lillenthal Confirmed

THE U. S. Senate finally has confirmed David E. Lillenthal as chairman of the atomic energy commission, concluding a 11-week fight that was clouded by bitterness, confusion and misleading statements.

Back of the fight over the nomination of Lillenthal was the frenzied hate of Sen. McKeever of Tennessee, who was denied much of the lush patronage of the Tennessee Valley Authority which Lillenthal formerly headed, and those who favored military rather than civilian control of atomic energy.

Further confusing the issue over Lillenthal's nomination was the veiled insinuation that the former TVA boss failed to crack down on Communists who attempted to infiltrate the TVA. Actually, even Lillenthal's most bitter opponents could not bring him with pink and the FBI, fearless opponent of Communism, vouched for Lillenthal's Americanism.

The work of the atomic energy commission in this atomic age is of the greatest importance to the American people. That those who believe in civilian control have won out in this battle is a great victory for the cause of atomic development. The military importance of atomic weapons will not be ignored by the American committee, but special emphasis will be placed upon the benefits of atomic energy for mankind—the medical, industrial and scientific opportunities that are created by the atomic age.

They Will Come Through

THE world's mightiest empire is in process of transition, and for the average Englishman the days must be like those of Job, "full of trouble."

This year will be forever outstanding in British history, which is a centuries-old chronicle of strains and shocks, defeats, successes and retreats, with John Bull generally, but not always, winning the last battle. But no one can say with truth that Britain is going to pieces when the British themselves don't know it and refuse to think so.

The empire may be liquidated, but the commonwealth will remain. India and Burma are going, Egypt is tugging at her remaining chains, and Palestine seems to be irreconcilable. South Africa is none too loyal, and the King found it expedient to pay the Cape Country a friendly visit.

But Canada, Australia and New Zealand, the vindicators of the colonizing motherland, are linked as tightly to Britain as ever. The ties of sentiment are fully as strong between these free and sovereign States as they ever were between the imperial power and her dependencies. Britain is suffering cruelly for the imperialistic mistakes of Churchill and those who have gone before him, but some of her children are still faithful.

In her present weakened state, with foreign trade and home economy crippled, Britain is going through a peaceful revolution. Always resourceful, her leaders

are likely to find a solution and a substitute for the vanishing empire that will play a worthy part in the world. Britain has seen dark days before, but she has a vigor and a vision which, in the long run, is likely to pull her through.

Bankrupting Ourselves

"OUR new foreign policy commits the United States to be the anti-Communist policeman of the world," says Dr. Douglass S. Freeman, editor of the Richmond, Virginia, News-Leader. "We are being called upon by Mr. Truman not only to take the place of Britain as general watchman of the seas, but also to take over the task of shore patrolling wherever Communist disorders threatens a government."

"In our judgment, the entire region east of a line from the mouth of the Oder River to the head of the Adriatic Sea in Europe, might as well be written off, for this generation, as the seat of any true democracy," continues Dr. Freeman. "In their impoverishment and misery, the people east of that line are listening to the absurdities of communism, or they are too weak in body, in mind and resources to resist the infiltration of that doctrine."

"We are in real danger of over-extending ourselves in the support of governments too feeble to maintain themselves. If we make the effort, instead of becoming stronger in the event of another war, we shall be weaker. Financially and politically, America will bankrupt herself in trying to save bankrupts."

"Such help as we can give, we should devote to France and the British Commonwealth of Nations. Instead of bypassing the United Nations organization, we should use it to the utmost and should seek to upbuild it. Our legislation will be best shaped to future emergency if it is concentrated on peace and on our own defense."

Other Editorial Comments

JACKSON WINS

(Marquette Mining Journal)

His victory over Ray Derham, Iron Mountain, in the spirited race for the judgeship of the five-county twenty-fifth judicial circuit gives Glenn W. Jackson, Gladstone, the distinction of being the winner in the first contest ever held for that important office in the history of the 65-year-old circuit.

As elections go, the result was close and the huge vote cast for Jackson in Delta, his home county, is the factor which made Derham the runner-up. It was a tribute which reflects the high regard his neighbors have for the veteran attorney who will succeed Judge Frank A. Bell at the expiration of his current term.

Dernham carried Menominee and Iron counties, polled a two to one vote in his home county, Dickinson, and lost Marquette county by less than 1,000. If Jackson's vote had been much less than it was in Delta, the outcome would have been reversed. It was the kind of contest expected in view of the almost 50-50 vote by which they emerged as finalists from the five-cornered primary.

Mr. Jackson takes the bench to succeed a man whose long record of excellent service stamps him as a jurist of the highest caliber, one whose ability paralleled that of his three predecessors who went to the state supreme court and served there with distinction. Judge-elect Jackson, capable attorney and citizen of high standing, will take up his duties with a background of experience which, it is believed, fits him to do his work well.

A RISKY STEP

(Chicago Daily News)

It is disturbing to learn that half of the U. S. Treasury Secret Service agents in Chicago must be laid off because of reduced appropriations by Congress.

Not to be confused with F. B. I., the Internal Revenue Intelligence or the postal inspectors, the Secret Service is mainly concerned with the crimes of counterfeiting and theft of government checks and bonds. It is also charged with protecting the President.

The world is literally flooded with counterfeit money. Governments have turned counterfeiter. Counterfeiting of American money by Nazis and Communists financed much of their propaganda, sabotage and spying. It seems a most inappropriate time to trim the Secret Service.

It has been suggested by suspicious souls that trimming the Secret Service and other useful agencies may have been done to discredit all budget cutting. If other government payrolls were being cut heavily this suspicion would not arise.

There has also been some irresponsible complaint that too many guards surround the President. The answer to that one that there were not too many around Lincoln, Garfield and McKinley, nor around President-Elect Roosevelt at Miami.

Take My Word For It

Frank Colby

READERS' CORNER

Glendale: According to the dictionaries there is no such word as "folks." But I doubt if more than one in 10 say "folk" and when they do, it sounds affected. I don't know why I keep on writing you, as I seldom see an answer in your column—J. S.

Answer: I fear you must have an obsolete dictionary, for the plural "folks" is shown by practically all the modern dictionaries in my library. "Folks" is an especially good Americanism in the meaning of "the members of one's own family."

Also, "folks" is the proper plural of "folk" in designating more than one racial group. For example, one may speak of German folk, or French folk. But in speaking of the two, it is correct to say "the German and French folks (or peoples)."

To the answering of questions in this column, please understand that this modest feature averages about 4,000 letters a week.

World Events Analyzed

BY MARQUIS CHILDS

Washington—You do not have to stare into a crystal ball for very long to foresee some of the developments, big and little, certain to come out of our intervention in Greece and Turkey.

For one thing it offers a golden opportunity for congressional junketing. Things will be a little dull here next fall, politically speaking.

For the inquisitorial type of mind, Greece will be a magnet. You can see the party taking off from the Washington airport in an army plane, chaperoned by attentive army officers.

Some will be earnestly in search of the truth. Others will be hunting political headlines. And some will be going along just for the ride and the fun of it.

But these inquiring congressmen, so plainly visible in the crystal ball, should know that theirs will be a repeat performance.

Late last summer, Britain's parliament sent to Greece a delegation made up of both laborites and conservatives. They wrote a rather lengthy report on what they found during a stay of a few weeks in Greece.

IT'S A TOUGH PROBLEM

Their report suffers from the handicap that is inevitable with such a group. With little prior knowledge, they tried in a brief time to get an understanding of a very complicated subject. Yet in spite of the report's over-simplification, it sets a rather high standard.

In fact, it is a useful document at this very moment, as we approach an extremely difficult undertaking. The report of the British parliamentary delegation makes clear two things: (1) That this is an extremely complicated assignment; and (2) That we shall not succeed unless we enforce major modifications in present Greek policy. This the British failed to do.

Because the report has not been published in this country, here are some excerpts from it. Speaking of the close relationship between Greece and Britain, as emphasized by all the Greeks they talked with, the delegation reported:

"Greek friendship, already referred to, has led in many quarters to an almost helpless reliance on Britain to help Greece out of all her financial and economic difficulties. Conversations with leading statesmen made this point perfectly clear.

In some cases political leaders have got so into the habit of looking to Britain to put their country on its feet, that they have almost lost sight of the imperative need of doing their utmost themselves to put their own house in order. If, in the end, Britain proves unable to provide all the material assistance they expect and require, there may arise a widespread feeling of disillusionment almost amounting to despair."

ROADS IN BAD SHAPE

The delegation estimated the cost of rehabilitation at less than \$500,000,000, this to be spread out over a five-year period.

They say that the British delegation had no expert advice on the value of Greek exports or other factors which would reduce the amount of outside aid needed.

"Roads are atrocious," the delegation found. "Of the 10,000 kilometers of class A highways, only 15 percent are in good condition, 35 percent are usable, and the remaining 50 percent are almost impassable.

One out of every three vehicles employed by UNRRA needs repair after one journey. It takes 22 hours to travel by jeep from Athens to Salonika, a distance of 220 miles. Transport charges are exorbitant. It costs about \$14 to ton to bring cotton 60 miles into Athens. It can be brought from India for the same cost."

The report had considerable to say about armed bands of the left and right killing and marauding in many parts of Greece.

In Larissa the delegation found that the authorities tolerated gangs that preyed on the rich. At Pharsala the right-wing bandit leader was reported to levy a toll of 1 percent on the production of the district.

As the right appeared to be in a league majority, the delegation said of the Peloponnesus, "and had behind them coercive powers of the security committees and the gendarmerie, they had far more opportunities of intimidating the left than the left had of intimidating the right. The delegation are of the opinion that these opportunities have not been entirely neglected."

This last, with typical British understatement, says a lot. The Americans who administer our fund in Greece are going to weed the wisdom of Solomon and the patience of Job.

Why aren't women allowed to leave on bunks during the "B" half of a double movie bill?

But we have room for less than a score of answers. Questions from my readers are my most valuable source of material. Please keep them coming.

Los Angeles: Please explain the meaning of the word physician, and give the correct pronunciation.—G. L. B.

Answer: As it is most often used today, the word physician designates one who is versed in physics or natural science, as the scientist who developed the atomic bomb. The pronunciation is, FIZZ-i-sist.

To me, physician, and especially the plural physicians, is one of the unloveliest sounding words in English—it suggests "a specialist in fizz."

Q. I am employed in the office of an escrow company. Each day I have to hand papers to my employer to be . . . what? Acknowledged? Notarized? Notarized? J. N.

Answer: The customary American term is "notarized." Until recently, purists, like my fussy old assistant, Dr. Etain Shrule, screamed outraged protests at the verb to notarize. But they did not succeed in shouting the word down, despite its irregular (unclassical) origin. The verb to notarize now has full sanction in Merriam Webster's, Funk & Wagnalls, the New Century, etc.

As to the answering of questions in this column, please understand that this modest feature averages about 4,000 letters a week.

"There Isn't Room for Both of Us, Brother!"

INTO THE PAST

Ten Years Ago

THE THIRD DAY—This is the third morning of the three-day-old telephone strike. The strike started Monday morning, and this is written Wednesday morning.

The three days have been very peaceful and inconveniences, but probably could have been very painful.

Because we are in a newspaper office, some of the outgoing calls could probably be classified as "emergency calls." That is a matter of opinion.

Certainly none of our calls are a matter of life or death. Yesterday we made two outgoing calls (compared with an average of 30 or 40 before the strike) and when the non-union operator asked, "Is this an emergency call?" we hesitated a moment before saying "Yes" and getting our party.

It has been driven forcibly home to telephone subscribers that most of their telephoning is concerned with trivia. It is a revelation to them that the world neither came to an end, nor the sun ceased to shine because telephone service was gone.

"MONDAY morning was wonderful," one Escanaba housewife reported. "I did my washing in record time. Not once did I have to dash up from the basement to answer the telephone and hear one of my friends ask me if I was doing my washing."

"VIEWPOINT"—Whether you consider your telephoning largely unimportant is a matter of opinion.

We do know that so far during the telephone strike, when only emergency calls were being received, some folks flashed the emergency signal to the operator and then asked for the time. And at Madison the Capital Times received an emergency call from a small boy who breathlessly reported: "I just saw our robins!"

"SOCIAL LIFE"—The strike brought forcibly home to the majority of telephone subscribers their use of the phone was mostly for social purposes.

Women particularly find the telephone an instrument for what was described as "chatting over the back fence. Children of this generation look upon the telephone as a facility invented by Alexander Graham Bell for their enjoyment. They conduct long and (

FRIDAY, APRIL 11, 1947

THE ESCANABA (MICH.) DAILY PRESS

CITIES PROVIDE PARKING AREAS

65 Communities Opened Off-Street Space Last Year

holding more than 5,000 autos. Fewer than 20 cities charge autoists for parking. Rates vary from 10 cents per day in Akron to 35 cents for 24 hours in Chicago. Miami Beach and several other cities have installed parking meters in their lots. About 35 cities have placed two-to-four hour limits on parking in city-owned lots.

Wallner Applies To Buy Property

Iron Mountain—Proposal for the purchase of the so-called Ludington "dry" which he leased on Nov. 1, 1946, and has since improved for use as a manufacturing plant was submitted to the city council by George Wallner, proprietor of the Michigan Manufacturing company Aldermen Hicks, Ruffato and Gust and Reubel Anderson were named to confer with Wallner, who also asked that 100-foot sewer and water lines be extended into the plant.

Businessmen as well as motorists-shoppers are being advised by creation of off-street parking facilities since in many cities normal development of downtown business is stymied by lack of parking space and mounting traffic congestion.

Information gathered for the 1947 Municipal Yearbook further reveals that a total of 345 cities out of 875 reporting now have one or more off-street parking lots in operation, marking a 63 per cent increase over 1942 when only 211 cities operated municipal off-street parking facilities.

Four cities spent more than \$50,000 each on new municipal parking lots last year—Eau Claire, Wis.; Miami Beach, Fla.; White Plains, N. Y.; and North Adams, Mass. Cleveland, Anaheim, Calif., Greensburg, Pa.; and Winnetka, Ill., each made capital outlays of from \$10,000 to \$50,000 for parking facilities.

Miami Beach, Fla., meanwhile voted a \$300,000 bond issue for off-street parking and in addition used \$73,733 from tax revenues to establish parking lots. In California, the city of Whittier purchased five off-street parking lots from the proceeds of 300 parking meters installed in 1945.

St. Petersburg, Fla., which opened two lots totalling 1,100 cars capacity, set the record last year for area expansion of municipal parking facilities. Costs of the lots were a moderate \$8,000.

An average of two lots is operated by each of the 345 cities over 10,000 reporting publicly-owned facilities. The largest publicly owned and operated parking lots in the country are those run by the Chicago Park District,

St. Nicholas

St. Nicholas, Mich.—Mrs. Edgar Jones returned to her home in Detroit following a five weeks stay with her daughter and son-in-law, Mr. and Mrs. Paul DeGrand.

Misses Alice and Monica Jodoc students at Northern Michigan College of Education, Marquette, spent the Easter holidays at the home of their parents, Mr. and Mrs. Peter Jodoc.

Mr. and Mrs. Al Newhouse spent Easter Sunday with relatives at Newberry.

Matt Jodoc returned to St. Lawrence college, Mount Calvary, Wis., following an Easter vacation spent with his parents, Mr. and Mrs. Peter Jodoc.

Mr. and Mrs. Peter Vermote and children, Cherie Marie and Jackie, spent Easter with relatives at Flat Rock.

Dextrose, a form of sugar, requires no digestion when eaten and in emergency cases it can be injected directly into the blood-stream.

There are about 200 pounds of steel in the average household washing machine.

**WHY SHOULD THE TELEPHONE STRIKE CONTINUE?**

The telephone strike is now in its fifth day.

Since the morning of April 7 telephone service, other than local service in dial exchanges, has been curtailed drastically.

Meanwhile Michigan Bell is doing its best to handle emergency calls.

The basic issue in this strike is wages. Naturally, everyone wants as high wages for himself as possible. And the company knows that it is to everyone's advantage, including telephone customers, to have good wages paid to telephone employees. But surveys prove that telephone wages already compare favorably with others in the community for work requiring similar skill. The question is whether it is fair to the public to have telephone wages shoved still higher at this time.

WHAT ARE THE UNIONS DEMANDING?

Among other things, the unions are demanding weekly increases in basic wage rates as follows: In Detroit—\$12 more for women; \$17 more for men. In other Michigan communities \$13 to \$18 more for women; \$20 to \$33 more for men. Other demands involving wages would mean still further increases.

The unions' demands total an additional \$20,000,000 a year in wages and \$6,000,000 in other benefits.

These demands amount to more than \$1.50 per month for every telephone we serve.

WHAT HAS MICHIGAN BELL OFFERED THE UNIONS?

Michigan Bell has offered to extend or renew present liberal labor contracts which provide for good wages and good working conditions.

We have offered to submit the wage dispute, which is the basic issue, to a committee of impartial and representative Michigan citizens to decide.

WHAT HAVE THE UNIONS DONE ABOUT IT?

They have refused to accept either of Michigan Bell's offers, insisting that wages should be settled on a national rather than a Michigan basis. Michigan Bell believes, however, that Michigan people—not persons in some other part of the country—are in the best position to arbitrate the matter of wages paid in Michigan.

After all, the people of Michigan should have something to say about whether the unions' wage demands are fair. They will have to live with the decisions that are reached. They are the ones who pay the bills for Michigan Bell service.

We repeat our offer to arbitrate wage issues in Michigan and to abide entirely by the decisions of the Michigan arbitrators.

WHY SHOULD THE STRIKE CONTINUE?**MICHIGAN BELL TELEPHONE CO.****Only Five Months Left To Apply For Terminal Leave Pay**

Veterans of World War II are reminded by Escanaba officials of the state office of veterans' affairs that they have only five months left in which to file claims for terminal leave pay.

On Sept. 1, 1947, it was pointed out, veterans will lose their opportunity to receive renumeration for furlough and leaves not taken in service.

Approximately 5,000,000 veterans, nearly half of those eligible, have not yet applied, it was stressed. Nearly two-thirds of the money allocated for terminal leave payments this year has been paid out.

The Escanaba veterans' affairs office is located in the First National bank building, Ludington street.

Dextrose, a form of sugar, requires no digestion when eaten and in emergency cases it can be injected directly into the blood-stream.

There are about 200 pounds of steel in the average household washing machine.

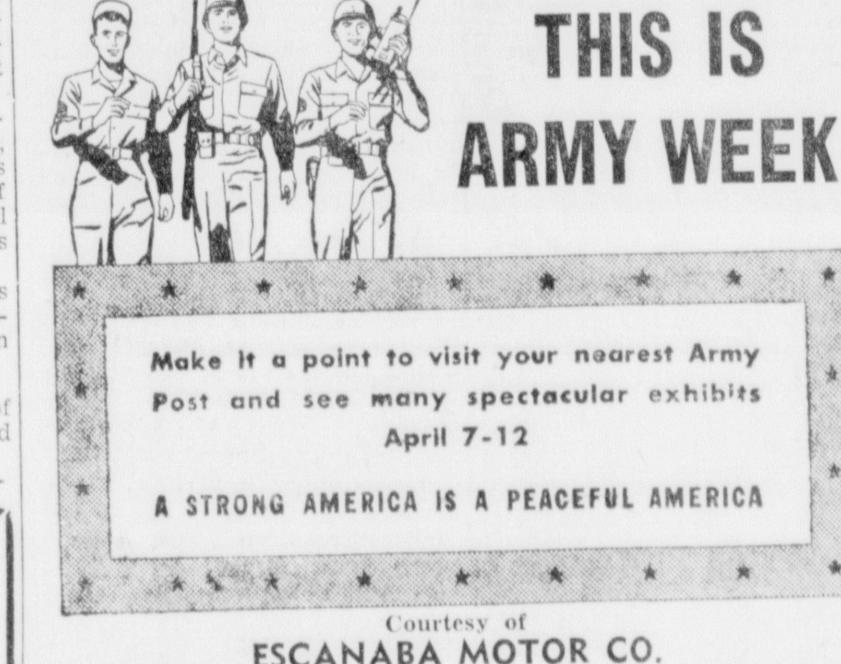

Steam Locomotive Has New Features

Washington—A novel steam locomotive, with a power plant that is of neither turbine nor reciprocating type, has just been patented here by Benjamin C. Monroe of Tuscola, Ill. Power-converting elements consist of pairs of rotors, each shaped like a thick-waisted figure-eight meshing into and turning each other like a pair of toothless gears.

Several of these, mounted on a common axle, insure a continuous flow of power. The whole set-up is enclosed in a casting that has a figure-eight cross-section.

One of these compound units is mounted on each driving axle, making for ease and accessibility in adjustment and repair operations.

There are neither counterweights nor driving-rods, which largely does away with the sway and pound characteristic of conventional-type locomotives.

Colored Babies Are Problem In Britain

Schaffer

Schaffer, Mich.—Billy and Dicky Johnson of Escanaba visited at the Albert Potvin home in Whitney and with their grandfather, Arthur Potvin.

Mr. and Mrs. Ray Lafave and daughter of Munising were visitors at the Paul Gauthier home over the holiday week end.

Andrew LeBeau returned home from Appleton following a twelve week stay there.

Mr. and Mrs. John Krause returned to their home in Channing after spending a few days at the Henry Nelson home. Lillian will remain here for a few weeks.

Mr. and Mrs. Nelson LaBonte and Elizabeth Vian, Lena Taylor and Ed Lafave visited in Niagara Sunday with Mrs. Ed St. Louis who is seriously ill. Mrs. St. Louis is the oldest daughter of Mr. and Mrs. Joseph Pilon. Mrs. Vian accompanied her to Rochester Clinic Monday.

Mr. and Mrs. Leo Gerou of Elizabeth Vian, Lena Taylor and Ed Lafave visited in Niagara Sunday with Mrs. Ed St. Louis who is seriously ill. Mrs. St. Louis is the oldest daughter of Mr. and Mrs. Joseph Pilon. Mrs. Vian accompanied her to Rochester Clinic Monday.

Rapid River**Girl Scouts**

Rapid River, Mich.—Eagle Troop No. 2 of Girl Scouts will meet every Wednesday evening at 7:30 in the music room.

Royal Neighbors

The Royal Neighbors of Arbutus Camp 1218 held their regular meeting at the home of Mrs. Emma Groleau on Tuesday evening. After the business meeting in which a new member, Mrs. Orin Papineau, was taken into the camp. The evening was spent in playing Cards. Eleven members were present. A delicious lunch was served at the close of the evening. The next meeting will be held at the home of Mrs. Frank Nygren on Tuesday evening April 22.

Personals

Miriam Olson of Detroit and Friedolph Olson of Bay City, spent Sunday with their parents Mr. and Mrs. Herbert Olson of Whitefish.

Mr. and Mrs. E. M. Petersen of Bay City and daughter Eugenia of Detroit spent Easter at the Herbert Olson home.

Sulphur was used for fumigation as early as 1,000 B.C.

Stephenson School Bus Is Sideswiped

A truck driven by Clarence Forgette of Nadeau side-swiped a Stephenson township school bus in Carney Tuesday evening. The school bus was loaded with school children who were returning from a roller skating party held at Nadeau. Leo Brunelle was driver of the school bus.

Mr. Forgette was apprehended by the Menominee sheriff's department. He stated he momentarily fell asleep while driving his truck causing him to swerve into the side of the school bus.

The school bus was damaged along one side. No students were injured.

Marquette City Employees Quit

Marquette, Mich.—The resignations of Mrs. Cecile T. Bureau, Municipal court clerk, and Lowell T. Besander, petroliam, have been accepted by City Manager James R. Pollock, who today began setting up job specifications for applicants to succeed them.

In the case of Mrs. Bureau, who

is leaving city employment May 1 to devote her full time to her family, "the city is losing an efficient employee—one who always was willing to undertake additional duties when we were short-handed," Pollock said.

LaCosse Appointed Director Of Camp

Ed. LaCosse of Stephenson has been appointed director of the Experimental Project in Outdoor Education and Camping which will be held at the Wells Park Group Camp for a period of 5 weeks starting July 7 and ending August 9. Mrs. Lenora Lienna of Stephenson has been appointed as assistant director. The appointments were made by the Menominee County Board of Directors, composed of the county superintendents of schools.

Two counsellors and a cook will be appointed in the near future.

One hundred and eighty pupils have registered for the camping program to date.

At the time of the Bataan surrender about 85 per cent of the American troops there had malaria.

Clergymen Oppose Liquor Proposal

Iron Mountain, Mich.—Approval of House Bill 45, which would advance the legal closing hour of taverns from 2 a.m. to 1 a.m., was voted down by the former attorney general which would make possible the issuance of liquor licenses in some 500 communities which do not now have them, was voiced by members of the Dickinson County Ministerial association at a noon luncheon Monday in the Meyers Tourist Home in Norway.

"The decision of the former attorney general which would make possible the issuance of additional liquor licenses in communities of few as 14 persons will be corrected if Senate Bill 128 introduced by Senator Vandenberg is adopted," the members were told.

California Girl
Is The Bride Of
Edward Edstrom

In the beautiful Wee Kirk o' the Heather chapel in Forest Lawn Memorial Park, Glendale, Calif., Miss Wilhelmina Barg, daughter of Mrs. Minnie Barg, of Newton, Ohio, was united in marriage to Edward N. Edstrom, son of Mr. and Mrs. William Edstrom, of Fox, Mich., Thursday morning, April 10, at 10:30 o'clock, with the Rev. Henry Kringel of Zion Lutheran church of Glendale officiating.

During the ceremony, John Lambert sang "Yours Is My Heart Alone," "Because" and "The Lord's Prayer." Bridal music was played by the church organist.

The bride wore a crisp white suit with blue accessories and carried white orchids and a white Bible. Her sister, who was maid of honor, wore a blue suit with pink accessories and a corsage each.

Mrs. O. F. Manthey, 800 South 10th street, left yesterday morning for Green Bay and Madison, Wis., to visit relatives. In Madison she will visit her daughter, Mrs. Elizabeth Needham.

Priscilla Sewing Circle. The Priscilla Sewing Circle of Immanuel Lutheran church is meeting in the church parlors at 8 o'clock this evening. This will be a fellowship meeting and also will be "men's night." All members and their friends are invited. Each member is asked to provide an article of food for the refreshment.

Past Matron's Dinner. Past Matrons and Past Patronas of R. C. Hathaway Chapter, No. 49 Order of the Eastern Star, will be honored at a 6:30 o'clock dinner Wednesday evening, April 16, at the Masonic Temple. All members of the Chapter and visiting Eastern Stars are invited. Reservations, which must be in by Saturday, April 12, are in charge of Mrs. Fred Fisher.

Past Matron's Club. The Escanaba Past Matrons' club will meet Monday evening, April 14, at the home of Mrs. Henry G. Olson, 706 South 10th street. All visiting Past Matrons are cordially invited.

Rebekah Meeting. Phoebe Rebekah Lodge No. 179 will hold a regular meeting this evening at the L. O. O. F. hall, North Tenth street, beginning at 8 o'clock. The hostesses are Mrs. Ruth Carlson, assisted by Mesdames Marie Wicklander, Gladys Hanson, Hannah Carlson, Agnes Carlson and Misses Grace Johnson and Ruth Sundquist. A white elephant sale will be held at this meeting and all members are urged to make a special effort to attend.

Auxiliary Plans Sale. The Covenant Woman's Auxiliary is sponsoring an apron sale Monday evening, beginning at 8 o'clock at the Evangelical Covenant church. Lunch will be served during the sale.

Engadine

Joseph Boucha Funeral
Engadine, Mich.—Funeral services for Mr. Joseph Boucha, age 80, who died at his home of a heart attack Tuesday morning, April 1, were held last Friday morning at 9 a. m. at the Naubinway Catholic church, The Rev. Fr. Clifford Nadeau officiating. Being Good Friday the funeral Mass will be held later. Burial was in the Naubinway cemetery.

Pallbearers were William Wachter, Sr., Manual Frazer, Isadore Wachter, Ben Perkins, Emmet Valler and Albert (Bud) Vincent.

Out of town relatives attending the funeral were Mr. and Mrs. J. J. Strauss, Lester and Clarence Boucha, all of Detroit.

Mr. Joseph Boucha was born Oct. 15, 1867, at Naubinway. Survivors are one daughter, Mrs. J. J. Strauss, and four sons, Lester and Clarence Boucha of Detroit, Ferd and Howard Boucha of Engadine; one brother, George Boucha of Naubinway; two sisters, Mrs. Angeline Boudoin of Naubinway and Mrs. Agnes LeClare of Detroit; 16 grandchildren and 15 great grandchildren.

The remains were brought from the Beaujeu's Funeral Home Thursday at 11 a. m. to the Naubinway church and layed in state until the services at 6 a. m. Friday.

Moved

People who have moved recently in Engadine: Lloyd Boucha moved his family to his new home he purchased from the Freeman Lumber Co., located on Main street, Wednesday. Gus Greenwald moved his family to his father's farm, Theodore Greenwald, west of Engadine, Tuesday. Donald Becker of Ironwood, Mich., moved his family to the apartment over the hardware store Saturday. Mr. Becker will be employed as cheese-maker for the Pauly & Pauly Cheese Co.

Locals

Mr. and Mrs. Howard Boucha and daughter Marilyn drove to Petoskey Sunday, and were accompanied back by Doctor J. R. Cooper, who has been at the Petoskey hospital for the past six weeks. Dr. is greatly improved and is now at his home at Millequin Lake.

Mrs. Thomas Butler returned from Tacoma, Wash., Thursday with her two children Jann and

Linda, where she has been visiting with her parents for the past two months. Mr. and Mrs. Robert Cooper, Thomas Butler spent Sunday with his parents, Mr. and Mrs. Ray Butler, and returned home to Newberry with his family Sunday afternoon.

Philip Collins of Marquette spent his Easter vacation with his mother, Mrs. Alvina Collins.

Joseph Freeman of Houghton Tech spent a week's vacation visiting relatives.

Mrs. Norma Brawley and son Gerry of McMillan spent a week in her home here.

Airport Manager Resigns Position

Crystal Falls—C. S. Keesling, manager of the Crystal Falls airport since Sept. 1, 1945, advised the city commission last night he was resigning soon to accept a similar position at an airport in Iceland.

He said he would remain here until he had found a successor acceptable to city officials. Keesling's lease on the airport will expire Sept. 1, 1947. He will be released from his contract as soon as he finds a competent man to take his place and expects to leave for Iceland in about a month. Keesling also conducted a flying school here.

The remains were brought from the Beaujeu's Funeral Home Thursday at 11 a. m. to the Naubinway church and layed in state until the services at 6 a. m. Friday.

Tempers Aroused At Cribbage Club

Sault Ste. Marie, Mich.—Local cribbage lovers were continuing today to appease ruffled tempers of guests at the annual Sault Cribbage League banquet last night at the Christopher Columbus Hall when some took exception to remarks by the speaker of the evening, Dixon Moorhead.

Mr. Moorhead, former FBI agent, tracing the sinister operations of Communism, mentioned particularly that Communist domination extended to the Leather Workers Union a CIO organization.

Members of the CIO union who have a team in the cribbage league, challenged Mr. Moorhead to produce proof that their union was Communist dominated. He cited magazine articles. During the exchange of words between the speaker and the audience, the meeting adjourned.

He said he would remain here until he had found a successor acceptable to city officials. Keesling's lease on the airport will expire Sept. 1, 1947. He will be released from his contract as soon as he finds a competent man to take his place and expects to leave for Iceland in about a month. Keesling also conducted a flying school here.

CURB ADOPTED FOR GREEK AID

Vandenberg Measure Gives U. N. Power To Veto Program.

Washington, April 10 (P)—The Senate today adopted the Vandenberg amendment which would give the United Nations conditional power to halt the proposed \$400,000,000 U. S. program of aid to Greece and Turkey.

Under this amendment, the international organization could end the program whenever two-thirds of the general assembly or seven of the 11 members of the security council find that "action taken or assistance furnished by the United Nations made the continuance of such (American) assistance unnecessary or undesirable."

The amendment, offered by Senator Vandenberg (R-Mich) and previously approved by the foreign relations committee which he heads, was approved on a voice vote. It was drafted to meet objections that the U. N. is being by-passed by the lone-handed American proposal.

Other committee amendments accepted by the senate as it moved along fast with the bill would:

1. Require senate confirmation of the chiefs of missions to Turkey and Greece.

2. Bar use of any American funds to repay debts of Greece and Turkey to other nations.

Miss Elsie Gendron of Marquette visited over the week end with her parents, Mr. and Mrs. George Gendron.

Mr. and Mrs. William Leech are the parents of a son born April 1, 1947 at the Newberry Clinic. He weighed six pounds, 13 1/2 ounces.

Miss Corrine Johnson, daughter of Mr. and Mrs. Dewey Johnson is spending spring vacation with her parents. She attends school at Ferris Institute at Big Rapids.

Mrs. Ruby Roat and children Wilda and Milton were week end visitors at the home of Mr. and Mrs. Carl Hammond.

Mrs. Merritt Goschenour of Grand Rapids is spending several days with her parents, Mr. and Mrs. Frank Rickard.

Mrs. Crystal Wheeler and son Freeman spent the week end with relatives in Sault Ste. Marie.

Mr. and Mrs. Paul Braun and daughter Geraldine returned Friday from Ann Arbor where they spent several days visiting relatives and friends.

Mr. and Mrs. Louis Hartwick of Croswell spent the week end at their cabin here.

Mr. and Mrs. John Hodder and daughter Laverne of Detroit arrived Friday to spend Easter with Mrs. Hodder's parents, Mr. and Mrs. Peter McInnis.

George Roberts of Garden spent the week end with his sister and brother-in-law, Mr. and Mrs. Dewey Johnson.

Mrs. Otis Crane and Mr. and Mrs. Verol Crane of Muskegon returned to their home after spending several days at the home of Mr. and Mrs. R. D. Crane.

Miss Geraldine Generou returned to her home Saturday after spending several months in Detroit with her sister Lorraine and brother Vernon.

Mr. and Mrs. Waldo Harkness and children of Cheboygan spent the Easter week end at the home of Mr. and Mrs. W. E. Harkness.

Mrs. Glenn Koontz entertained Wednesday April 9 for her daughter Delores who was celebrating her seventh birthday. Delores' guests were Marilyn Nash, Linda Weekley, Katherine Simmerman, Donna Jean and Bernadine Sampson, Darlene Taylor, Mary Lee Hanger, Rosalie Rose and Diane Koontz. Assisting Mrs. Koontz with lunch were Janet Painter and Donna Koontz. Delores received many lovely gifts.

Mr. and Mrs. Jack Norton and son of Manistique spent the week end at the home of Mr. and Mrs. Peter McInnis.

Mrs. Guy Ney of Lakefield is spending several days with her sister-in-law, Mrs. Lyle Painter.

Mrs. John Dunn and infant son returned to their home here Monday from the Newberry Clinic.

Liquor Examiners Board Takes Over Duties Next Week

Lansing—(P)—The Senate Business Committee today recommended Senate confirmation of three members of the new State Board of Liquor Examiners as the Liquor Control Commission reported the Board would take over its hearing duties next week.

The three are Thomas J. Bailey, Lansing; John B. Sosnowski, Detroit, and Kenneth Daniels, Jackson.

The new Board, chairman Owen J. Cleary announced, will sit with the Commission on hearings in Detroit tomorrow and Friday in "practice sessions."

Cleary said the examiners had been assigned to draft procedural regulations to make its hearings "as close to courts as possible." The rules are expected to be in effect by the end of the month.

Radio In Review

By John Crosby

Want To Lead a Band?

For some time now it has been apparent that it's a lot easier and infinitely less expensive to excite the exhibitionism and latent frustrations of radio listeners than to purchase talent for a radio program. If you can stimulate the listener's service, that's even better.

The program which to my mind combines all these unpleasant virtues most skillfully is Sammy Kaye's "So You Want To Lead a Band" (ABC 9:30 p. m. Mondays).

In this program a man has a chance to make a fool of himself with the greatest possible assistance from a very noisy audience. He can wave a stick here and there and listen to a band respond.

Radio Appeal For Help

Mayor R. A. Bosch of Woodward, whose own electrical business was wiped out, worked frantically to get an emergency water service established by late afternoon with hastily shipped-in generators.

Peace officers and vigilantes organized to prevent looting.

Field kitchens were set up to feed the homeless and doctors, nurses, policemen and embalmers were sent in from hundreds of miles away to help with the emergency work.

The first eyewitness account to come out of the disaster zone was given by Roy L. Thrush, pilot of a Los Angeles-Kansas City TWA plane who flew over the area at 2:45 this morning.

"There was so much smoke hanging over Woodward, I couldn't see exactly what had happened there," he related on his arrival in Kansas City, "but I could tell the damage was enormous."

Then into his earphones as he came over Gage, a small settlement 20 miles southwest of Woodward, came a radio appeal to him from the emergency field below.

It was an appeal for 20 pounds of sulfathiazole ointment, five pounds of powdered sulfathiazole, 30 pounds of tetanus antitoxin, 10 pounds of thrombin, "and all the doctors and nurses available."

Capt. Thrush and his first officer P. S. Clason relayed the appeal to Albuquerque, and from there the message was sent to Kansas City in a matter of minutes.

Worst In History

By dim moonlight, Thrush began to plot out signs of the mass destruction below.

"I saw box cars blown from the railroad in the area where Texas joins the Oklahoma Panhandle," he related. "I started looking for Glazier, Tex., but the only building still standing was a filling station on the highway."

"A few miles farther, at Glazier, Tex., which is between Glazier and Woodward, all I could see was a schoolhouse and two or three other buildings. Smoke was over the town, and there were fires in several locations. It looked as if it had been almost wiped out."

J. L. Swindle, editor of the Pampa, Tex., Daily News, described the storm as the worst ever to hit the Panhandle area.

His account from Glazier, Tex., said:

"The ferocity of the winds was evidenced by the fact that the bodies of two persons known to have been together at the time the storm hit were found almost three miles apart.

"Only one house was left habitable. Heavy highway construction equipment was twisted out of shape. Large trees were shattered."

He said the exact death list was difficult to determine because no one had been able to determine the number of men stationed there with railroad section gangs and highway construction crews.

Besides elbowing his way into the finals, the man was showered with presents—a silver cigarette case and compact, twelve pairs of feminine gloves a lady's handbag a washing machine and a refrigerator. (I guess they expected a lady to win.) This jam session ends with everyone, audience included, singing "The Easter Parade" or some such thing. Don't say you weren't warned.

FBI Chief Wars On Vice Resorts

St. Louis—J. Edgar Hoover, director of the Federal Bureau of Investigation, today called upon communities to "smash their disreputable dance halls, gambling and vice dens and the peddler of lewd and obscene literature" and to substitute recreational, study and work centers where the leisure time of youth will be "channeled along constructive lines."

Writing in the April issue of The Optimist Magazine, published by Optimist International, a men's service club organization, Hoover cited figures showing that juvenile delinquency was on the upsurge. He placed the blame squarely upon the parents, declaring that during World War II our citizenry paid very little attention to alarming increases in juvenile crime.

"The governor issued a statement saying he could find "absolutely no grounds for extending executive clemency" to Mrs. Louise Peete Judson, 69, scheduled to be executed at 12 noon (Central Standard Time) tomorrow for the murder in May, 1944, of Mrs. Margaret Logan, her employer and benefactor. Mrs. Judson had been paroled to Mrs. Logan after serving 18 years of a life sentence for the slaying of Jacob Denton, Los Angeles engineer, in 1920.

Earlier today the United States supreme court rejected a review of the case.

Spalding Woman Gets Prison Term

Grand Rapids (P)—Valeria LaBonte, 19, assistant postmaster at Spalding, Menominee county, was sentenced by Federal District Judge Raymond W. Starr today to a prison term of a year and a day each of five counts of a postal law violation charge.

The correspondent report there were no known deaths, but many persons had been injured.

Judge Starr ruled the sentences had run concurrently.

Federal District Attorney Joseph F. Deeb said violations involved theft of \$150 in checks and that partial restitution had been made.

Except that gold is yellow and copper red, all metals are "white" of various shades.

Total receipts included 4,300 cattle, 890 calves, and 4,000 sheep.

Texas Storm Damage Runs Into Millions

(Continued from Page One)

Weyville, Kas., about 2:30 this morning, causing an estimated \$175,000 damage, all told. No casualties were reported. These cities are in a straight line northeast of the path taken by the Oklahoma storm.

Many of the injured were taken from here to Oklahoma City, and hospitals as far away as Wichita, Kas., were ready to receive patients if necessary.

A special train took some of the injured to Alva, Okla., and an Army C54 made shuttle trips to Oklahoma City with others.

NOTHING NEW ON TELEPHONE STRIKE FRONT

(Continued from Page One)

Right now Mr. Kaye is conducting what he calls "a battle of the ages." As I understand it, preliminary contests have been waged week after week to pick out representatives of four age groups which Mr. Kaye designates as the teen-agers, "the roaring twenties" the "thrilling thirties," and the "life begins at forties." Ultimately the finals will be held in Carnegie Hall and the winner will get \$1,000 and probably a lot of kitch-ware.

The format of the program is simplicity itself. After extracting the vital statistics from his frustrated amateur, Mr. Kaye leads him to the podium and, I guess, hands him a baton. The amateur waves his arms and the band makes noises of varying degrees of fruitfulness. The audience shrieks, whistles and howls with laughter.

This isn't nearly enough racket to suit Mr. Kaye so he accompanies the music and laughter with a running commentary at the top of his lungs. "He's all over the stage. He's weaving up and down. He's terrific. Oh, very nice!" That last comment is in direct contradiction to all my finer sensibilities but then maybe it sounds differently in the studio.

Seattle Gals Go All Out To Get WIBC Meet In '49

Seattle, April 10 (P)—Nine Seattle women headed east by car today, with the intention of painting every town between here and Grand Rapids, Mich.—and to save city fathers along the route from a case of the jitters it should be added immediately the pain will wash off with the first rain.

The girls are bowlers and they're dead set on bringing the Women's International Bowling Congress to Seattle in 1949. They are the advance unit in the 80 women who will represent Seattle at the W. I. B. C. in Grand Rapids this year.

"A few miles farther, at Glazier, Tex., which is between Glazier and Woodward, all I could see was a schoolhouse and two or three other buildings. Smoke was over the town, and there were fires in several locations. It looked as if it had been almost wiped out."

J. L. Swindle, editor of the Pampa, Tex., Daily News, described the storm as the worst ever to hit the Panhandle area.

His account from Glazier, Tex., said:

"The ferocity of the winds was evidenced by the fact that the bodies of two persons known to have been together at the time the storm hit were found almost three miles apart.

"Only one house was left habitable. Heavy highway construction equipment was twisted out of shape. Large trees were shattered."

He said the exact death list was difficult to determine because no one had been able to determine the number of men stationed there with railroad section gangs and highway construction crews.

Besides elbowing his way into the finals, the man was showered with presents—a silver cigarette case and compact, twelve pairs of feminine gloves a lady's handbag a washing machine and a refrigerator. (I guess they expected a lady to win.) This jam session ends with everyone, audience included, singing "The Easter Parade" or some such thing. Don't say you weren't warned.

Quake In Colombia Wrecks 25 Houses

Bogota, Colombia, April 10 (P)—A strong earthquake at San Carlos, a small town in northern Colombia near Cartagena, destroyed 25 houses and a church, the correspondent of the Bogota newspaper, El Spectador, reported today.

The correspondent report there were no known deaths, but many persons had been injured.

Judge Starr ruled the sentences had run concurrently.

Federal District Attorney Joseph F. Deeb said violations involved theft of \$150 in checks and that partial restitution had been made.

Except that gold is yellow and copper red, all metals are "white" of various shades.

Total receipts included 4,300 cattle, 890 calves, and 4,000 sheep.

Witness Reveals Jesse Jones Deal To Control B & O

Washington, April 10 (P)—Casius Clay, former official of the Baltimore & Ohio Railroad, testified today that Jesse Jones, as head of the Reconstruction Finance Corporation, approved "a fraudulent bankruptcy" of the railroad.

And Robert D. L'Heureux, counsel for the senate banking committee which heard the testimony, declared that Jones arranged the bankruptcy to cinch control of the B. & O. for himself and friends.

The committee soon will be called upon to recommend whether the life of the RFC shall be continued past June 30. Preliminary to that decision, Senator Tobey (R-N.H.) committee chairman, has called for a look at some RFC transactions, among them an \$80,000 bond deal involving the B. & O.

NOTHING NEW ON TELEPHONE STRIKE FRONT

(Continued from Page One)

Washington, April 10 (P)—The first eyewitness account to come out of the disaster zone was given by Roy L. Thrush, pilot of a TWA plane who flew over the area at 2:45 this morning.

"There was so much smoke hanging over Woodward, I couldn't see exactly what had happened there," he related on his arrival in Kansas City, "but I could tell the damage was enormous."

Then into his earphones as he came over Gage, a small settlement 20 miles southwest of Woodward, came a radio appeal to him from the emergency field below.

It was an appeal for 20 pounds of sulfathiazole ointment, five pounds of powdered sulfathiazole, 30 pounds of tetanus antitoxin, 10 pounds of thrombin, "and all the doctors and nurses available."

Capt. Thrush and his first officer P. S. Clason relayed the appeal to Albuquerque, and from there the message was sent to Kansas City in a matter of minutes.

RIALTO BLDG.NAME GILLIS
CAGE CAPTAINLions Entertain Cagers
Of Gladstone And
Perkins

Clifford Gillis, grid and cage star of Gladstone high school, was elected to lead his teammates next season at the annual recognition dinner given by the Lions club Tuesday evening.

The event was held in the Legion hall, and dinner was served by the Legion Auxiliary.

Gillis has received letters in football and basketball since his freshman year and as a football player gained Upper Peninsula honors both in 1945 and 1946. He played center and guard on this year's team.

Coach Eldon R. Keil presented letters to Capt. Tom Kee, Gillis, Ron Anderson, Alcide Valind, Giles Richards, Douglas Madden, LeRoy Young, Victor Pearson, Richard Williamson and Norman Marmilieck.

Bernie Heselton, Lawrence college coach, was the speaker of the evening and he emphasized the leadership qualities which athletics develop in youth.

Members of the Gladstone and Perkins high school teams were guests of the service club.

Special Services
At Bethel Church

A series of special services will be held for three successive days, beginning tonight at Bethel Free church, at 7:30. The usual Sunday services will be held. The Rev. and Mrs. Roy G. Johnson will be in charge.

The Johnsons have traveled extensively throughout the United States conducting services and conferences. They are known for their work on the Family Altar broadcast from Minneapolis several years ago.

Mr. Johnson is an accomplished pianist, marimba player and speaker.

Mrs. Johnson will be heard in vocal solos and there also will be duets and trios.

Clover and grass to be seeded in the spring of 1947 will be fed hay in the winter of 1948-49 and later.

Cochin China, part of Indochina, is about the size of West Virginia but has three times as many people.

ence responded well to these old favorites.

In her final appearance in the program soprano Mary Poquette sang "With a Song in My Heart" by Rodgers and "Through the Years" by Vincent Youmans.

The program closed with the choral group singing George Gershwin's "Embraceable You" and "I Got Rhythm" and Cole Porter's "In the Still of the Night" and "Night and Day."

The Girls' Ensemble opened the program with "Blessings of Peace" by Arkangelsky-Kron and "The Angelus" by Rubenstein, after which Mrs. Poquette, until recently a student at NMCE, Marquette, sang the aria, "Connais-Tu le Pays," from the opera Mignon.

For the third part the choral group sang a selection of four of the popular compositions, "Indian Love Call," "The Sleeping Lake," "O Can Ye Sew Cushions," and "Old Lady."

Derek Morris, accompanied by Miss Louella Latola at the piano, played "Salute D'Amour" and variations on "Home Sweet Home" by Popp. Both are students at NMCE, Marquette.

"Three Blind Mice," "Tutu Maramba," "Syncopated Lullaby" and "Ma Little Banjo" was presented by the Girls' Ensemble.

Former Resident
Claimed By Death

Lottie Ohman, 78, sister of the late John Ohman, died at the Bethany Home in Chicago, April 2, according to word received here. She had been in serious condition since suffering a stroke in February.

The deceased resided in Gladstone late in the nineteenth century.

The girls' ensemble of Gladstone high school under the direction of Irving Johns jr., formally entertained a capacity audience at the high school Wednesday evening. A seven-part program was presented with vocal work by the choral group and solos by Mrs. Earl Poquette, the former Mary Waznick, and flute solos by Derek Morris, Negauke.

The girls' ensemble opened the program with "Blessings of Peace" by Arkangelsky-Kron and "The Angelus" by Rubenstein, after which Mrs. Poquette, until recently a student at NMCE, Marquette, sang the aria, "Connais-Tu le Pays," from the opera Mignon.

For the third part the choral group sang a selection of four of the popular compositions, "Indian Love Call," "The Sleeping Lake," "O Can Ye Sew Cushions," and "Old Lady."

Germfask

Organized Auxiliary
Germfask, Mich.—A group of local ladies met Tuesday evening at the Community building to organize a Veterans of Foreign Wars Auxiliary. They were assisted by Mrs. Opal Collins and Mrs. Brant of Neversay.

Mrs. Henry Menard, and Mrs. Paul Jolicoeur of Gladstone Route One left yesterday for Detroit where they will visit a week and attend the wedding of Edmund Young, formerly of this area, to Miss Lenna Broman.

Mr. and Mrs. Ernest Roberts, Harry Roberts and Dickie Roberts of Gladstone Route One left yesterday for Grand Rapids where they will attend the wedding of Miss Dorothy Roberts, daughter of Mr. and Mrs. Ernest Roberts to Arthur Lewis. The group will return Saturday morning.

Mrs. Cameron Smith, 1218 Michigan avenue, left yesterday for a six-week visit with relatives in Milwaukee, Chicago and Buffalo.

Mrs. Roy Terrien was recently released from St. Francis hospital and is convalescing at her home on Superior avenue. She is not allowed to have visitors.

Mrs. Eva Pepin has returned from Florida where she spent the past two months.

Miss Eileen Richards has returned to Chicago after spending Easter here with her mother, Mrs. Mary Richards.

Mr. and Mrs. G. E. Dehlin are expected to return to Gladstone this weekend from Flushing, Mich., where they visited the Charles Dehlin's.

Mrs. Marian Miller has been dismissed from St. Francis hospital and is convalescing at her home, 101 South Ninth street.

Briefly Told

Forty and Eight — A regular meeting of the Forty and Eight society is to be held at 8 Monday evening in the Legion hall. A wrecking crew will be formed to conduct an initiation within the next few months.

Novena Service — Novena services will be held at 7:30 tonight in All Saints' Catholic church.

Some Navy equipment is tested by placing it on a large anvil against which a 3000-pound hammer strikes with force up to 3,600,000 pounds, thus simulating battle shock.

In 1941, the United States made only about 3,000 tons of synthetic rubber. Three years later, the country was producing 125 times as much.

School Band Will Present Concert Thursday, April 24

Social

Lady Foresters

Joseph Giovannini, Manistique high school band leader, announces that plans are now practically complete for the final school band concert in the high school auditorium Thursday evening, April 24.

The band will join forces with the high school glee club in presenting a program of widely varied numbers. The program will also be made impressive by the presentation of letter awards to band members.

An innovation, which the school faculty in general acclaimed as "extra special," will be the presentation of an original skit by members of the school's pep band. This number was given at a recent pep rally and scored a hit.

The newly appointed drum majorettes will also be presented in their new uniforms.

Eating Of Carrots Will Prolong Life

New York (SS)—Get on the carrot wagon if you want to add an extra 10 years to your life at its prime.

This advice seems justified on the basis of latest nutrition studies by Dr. Henry C. Sherman of Columbia University. Rats given four times the normal amount of vitamin A in their diet lived more than 10 per cent longer than their

panned by Dr. Sandretto of Manitowoc, Wis.

Miss Jennie Murphy and Mr. Thurman Skarratt left Sunday for Milwaukee, Wis., where they will spend a few days with relatives and friends.

Mr. and Mrs. Harvey Saunders spent the Easter holidays at Neenah, Wis., as guests at the home of their son and daughter-in-law, Mr. and Mrs. George Saunders.

Harry Widdicombe made a business trip to Sault Ste. Marie last week.

The Lutheran Ladies Aid served an election dinner and supper at the Community building Monday.

Miss Frances Oaken left Sunday for Detroit where she is employed, after spending a two weeks vacation with her parents, Mr. and Mrs. Frank Oaken.

Mr. and Mrs. Ernest Johnson and family of Munising were dinner guests at the Margaret Tovey home over the weekend.

Miss Naida Lee Abram of Curtis called here Tuesday while enroute to Munising where she is a student at the Mater High school.

Kathlyn Shay spent the weekend here with her mother, Mrs. Katherine Shay. She was accom-

Manistique Has Back Lot Flood

Manistique, in common with areas in other parts of Michigan, had its inundated areas this week. Several acres just west of the Manistique and Lake Superior depot were under water several days and several homes were marooned. Members of the Sharkey household had to use a boat to get between their home and high ground.

City crews pumped the area dry Wednesday.

Hiawatha Council To Confer Degrees

The Hiawatha council will meet at the Masonic hall Saturday when degrees will be conferred upon a large number of candidates. In the class will be candidates from Sault Ste. Marie, St. Ignace, Escanaba, Marquette, Iron Mountain and Manistique.

Officers from councils at Iron Mountain, Marquette and Manistique will confer the degrees. Activities will be a dinner at 6:30 and the work resumed later.

"Taxicab" is an abbreviation of taximeter (tax meter) cab.

4-H WORK TO BE DISPLAYED

Achievement Day To Be Featured At Lincoln School Gym

Achievement day, the biggest day of the year for boys and girls enrolled in 4-H club activity, will be observed in Manistique Tuesday, April 22. There will be a program and home projects completed by the club members will be displayed. The activities will be held at the Lincoln school gymnasium.

Exhibits will include the work of handicraft, sewing, conservation, foods, knitting, trapping and tractor clubs. They will be judged the day before by Ben Westgate and Mrs. Dean Avise, assistant state 4-H club leaders of Marquette.

The program, announced by Fred C. Bernhardt, district 4-H club agent, will consist of a free movie, dress review, demonstrations, community singing, flag ceremonies and announcement of award winners.

About 300 boys and girls from all parts of Schoolcraft county are expected to attend and submit exhibits.

Mather, 89, Resigns Post As Chairman Of Cleveland Cliffs

Cleveland—(P)—William G. Mather has resigned as chairman and member of the Board of Directors of Cleveland Cliffs Iron Co. and Cliffs Corp. because of ill health.

The 89-year-old industrialist's resignation was announced tonight by both boards, closing at least temporarily a coal and iron and steel career of some 65 years.

Commenting on Mather's resignation, the Board's declared: "It is the hope of everyone in both companies that this absence will be but temporary and that he will soon be able to return."

President of Cleveland Cliffs Iron Co., from 1891 to 1933 and chairman of the Board since, Mather is a member of a famed Cleveland family that has had a large voice in Great Lakes industries.

The firms, which recently have been subject to several stockholders' quarrels, hold substantial interests in such companies as Republic Steel, Inland Steel, Wheeling Steel, Youngstown Sheet & Tube and Otis Steel.

There was no immediate announcement of successor.

Honor Rolls

The Manistique high school honor roll for the period ending April 3 is announced by Carl Olson, principal. Those acquiring exclusive A and B ratings are:

WATER RATES PUZZLE MANY

Minimum Rates Hiked For Many Users Here

Recent action by the city council to equalize city water rates has brought repercussions James Dickson, city manager, said yesterday.

Managers of many business places in the city have called at his office to ask why their minimum rate has been raised, he says, and this has brought on much discussion and explaining.

The situation, he explains, is simply this: A recent survey of water accounts of various business places in the city has revealed that some business places in the city have been classed as "domestic" users while others in the same category have been classed as "commercial" users. The minimum rate for the former class is \$2.60 every four months while the minimum rate for the latter is \$5.85 for

the same period. "Industrial" users, such as creameries, laundries, and all those who use large quantities of water, are charged at minimum rates of \$2.22 per month instead of on a four-month basis.

In order to conform to the city ordinance sand city water regulations, it was deemed best by the council to make this change, thereby complying with existing rules without exception, he said.

When and if it is decided to modify the rules covering city rates, this will have to be done by the city council, Dickson pointed out.

In North Carolina, it once was compulsory for wearers of high hats or "beavers" to pay an annual tax of four dollars for the privilege.

Future Plans For Lauerman Store To Be Revealed Soon

Len Harbick, manager of the Manistique branch of Lauerman's store, announces that representatives of the Lauerman company at Manistique and the M. Blumrosen estate will be in Manistique next Monday to discuss future building plans for the store recently damaged by fire.

Salvaged merchandise is being boxed and shipped. The amount of damage, in various degrees of damage, was so great, that its movement will be slow.

SCHUSTER'S SUPER FOOD MART

Robinson Joins Dodgers; First Negro To Break Into 'Bigtime'

BLADES MAY REPLACE 'LIP'

Ray Managed Cards Under Branch Rickey In 1939, 1940

Brooklyn, April 10 (P)—Jackie Robinson, brilliant negro infielder, today became the first of his race to break into modern major league baseball when President Branch Rickey of the Brooklyn Dodgers announced the purchase of his contract from the Montreal Royals of the International League.

No other information was given. The purchase price was undisclosed. It was a straight cash transaction with no clauses involved. Robinson, who appeared at first base for Montreal against the Dodgers in today's game, will join his new club tomorrow. Montreal is owned by the Dodgers and won today's game, 4 to 3.

"Happy For Jackie"

While Dodger officials declined to comment, it is believed the former University of California at Los Angeles athlete will appear at first base for the Dodgers in tomorrow's exhibition game at Ebbets Field against the New York Yankees.

Watching today's game with Rickey were Ford Frick, president of the National League, and Frank J. Shaughnessy, International League head. Frick declined to comment but Shaughnessy declared: "I am happy for Jackie. He is a great boy and deserves the chance. I feel certain he will make good. He was the best player in our league last year."

Robinson had a great season with Montreal last year, his first in organized baseball. He led the loop in batting with a mark of .349 and stole 40 bases. He also led all second basemen in fielding with a percentage of .985. The Royals won the pennant, playoffs and defeated Louisville of the American Association in the Little World Series.

Takes Edge Off 'Lip'

It is believed Robby will get his major league chance at first base, a position he has never played until he was switched over from second in the middle of the spring training season. He is 28 years old and a right-handed batter and thrower.

The announcement of Robinson's purchase took the edge off speculation on the new manager of Brooklyn. Although Dodger officials kept mum on the matter, it was rumored that Ray Blades, current coach and a Rickey man from way back, would supplant the exiled Leo Durocher. Blades managed the St. Louis Cardinals under Rickey in 1939 and '40. He joined the Dodgers this spring after directing the Dodgers' St. Paul farm club.

MACPHAIL SAD ABOUT OUTCOME

Yankee Manager Hints He May Offer Leo Job Next Year

New York, April 10 (P)—President Larry MacPhail of the New York Yankees made it plain at a press conference today that he was chagrined at the one-year suspension slapped on Manager Leo Durocher of the Brooklyn Dodgers and that he will be glad to "see" Leo if and when the latter ever takes a baseball job.

In at least semi-defiance of Commissioner Chandler's order yesterday that all parties to the recent Yankee-Dodger squabble be "silenced," MacPhail talked to a room full of newsmen for upwards of an hour and answered a fair proportion of a score of questions thrown at him.

The redhead declared at the outset in a prepared statement that "this club will continue to release and publish any and all information pertinent and proper in connection with the operation of this club."

Sidesteps Question

Asked if he thought the penalty against Durocher was "unjust and excessive," MacPhail replied carefully:

"I may have some very strong and decided personal feelings in the matter. If so, I'm prevented from expressing them except through baseball channels."

To the question of whether he would be prepared to offer Durocher a job with the Yankees next year, he gave an oblique yet crystal-clear answer. He recalled that Durocher, when asked during the winter if he expected to see MacPhail, had replied: "Sure, I expect to see MacPhail. He's my friend and he gave me my first chance to manage a ball club."

Dressen Not Worried

"I would like to say that I fully reciprocate Leo's feeling," MacPhail concluded impressively.

Although he did not say so directly, MacPhail implied that he would pay Coach Charles "Chuck" Dressen his full salary for the month he is under suspension, thus more or less nullifying Chandler's penalty.

"My impression is that Dressen was suspended—not fined," he said. Asked if that meant what it sounded like, he grinned: "What do you think?"

About 103,000 railroad freight cars built in the United States were sent overseas during World War II for war service.

CHANDLER TALKS — Leo Durocher, Brooklyn Dodger manager, sits on a desk in the Dodgers' Brooklyn office with very little to say, as reporters query the usually garrulous "Lippy" after news of Baseball Commissioner A. B. "Happy" Chandler's one-year suspension order. Branch Rickey, Dodgers' president, sits grimly at right. (NEA Telephone)

The Sports Parade

BY Jim Ward

It may be meider in Brooklyn, just ducky in Boston where culture and refinement reign supreme and the Braves figure it might help them win the pennant, and it may be merely a matter of no concern to American League president Will Harridge, who figures the Dodgers can wash their own dirty linen, but most fans will agree Leo Durocher's suspension for one year is good for baseball.

Durocher's suspension, incidentally, is one of the most severe penalties ever handed out in organized baseball, the Associated Press reports. By comparison, Babe Ruth and Bob Meusel were suspended 30 days in 1921 for defying an order against post-season barnstorming. Frank Crosetti, another noted Yankee, drew a 30-day suspension and was fined \$250 for pushing an umpire. Ben Chapman, now manager of the Phillies, was banned from minor league baseball for the entire '42 season for attacking an umpire, and, of course, the Mexican border jumpers were barred for five years.

CUFF NOTES: Latest in the Minnesota all-star high school grid ban is an indignant uproar by fans, players and coaches, many of the latter saying their respective superintendents had been instructed to vote in favor of the game and they intended to find out why they didn't... In 15 years as Norway high school cage coach, Allen W. Ronberg won 17 tournaments and 65 per cent of all games, including 11 district and three U. P. titles... In basketball and football combined, his teams won 211 and lost 133.

Without the No. 1 Beloved Bum at the helm, life won't be the same in Flatbush, but Brooklyn still has a good ball club. Now, if the Dodgers should win the pennant this year—? And, if they don't, but just come close, think of all the

August Gaffner, Escanaba, is second in U. P. bowling singles at Wakefield, having been displaced by Peter Pezzetti, Wakefield, who poured in a 639... Hansen and Jensen, Escanaba, has been shodown to third... Gaffner is still top man in all-events with his 1764... Pezzetti is third... Paul Rademacher, Escanaba, won a "B" grid award at Marquette university for his work last season... Thirty-six major and 53 minor awards were made, an all-time high Marquette U.

Ever wonder about Ralph Metcalf, Marquette U.'s Olympic great, "world's fastest human" of the 1932-36 era...? He is acting director of the department of civil rights of the mayor's commission on human relations in Chicago... Pheww!

The surging Leafs tallied twice during the first two minutes of play and added single counters in each of the two remaining periods in the hard fought game that was highlighted by the calling of 17 penalties including a major and match misconduct to Maurice (The Rocket) Richard, high scoring right winder for the defending Champion Canadiens.

A crowd of 12,915 fans watched the Leafs' Ted Kennedy rifle home Toronto's initial tally shortly after play began and then set up Toronto's second marker at 1:36 of the initial frame, 14 seconds after his first goal.

Most of the rough action took place in the second period with Richard the principal. The fiery-tempered star jammed his stick into Vic Lynn's face, drawing blood, and after serving his major penalty, he tangled with Will Bill Ezinicki of the Leafs, cracking his stick over Ezinicki's head, again drawing blood.

For his second escapade, Richard drew a match misconduct penalty and was banished from the game. According to league rules, Richard cannot appear in any further games until his case is dealt with by League President Clarence Campbell, who has full power to impose any further penalties he may see fit. Richard may be fined \$100 and suspended for the next game between the two teams in Toronto Saturday night.

DARTBALL MATCH

The Escanaba Dartball league all-stars will meet the Manistique loop all-stars in a special match in the Central Methodist church parlors at 8 tonight. A close contest is expected.

BABE STILL SMILING—Having made strong comeback from a long illness, Babe Ruth, baseball's most beloved hero, smilingly enjoys cigar in a New York hotel following his signing as consultant to American Legion's baseball organization. The Babe then flew to Miami for a vacation.

CRACKERS 1ST TO BEAT TIGES

Wild Toss On Squeeze Play Bunt Scores Winning Run, 3-2

Atlanta, Ga., April 10 (P)—Taking advantage of three Detroit errors, or one of them first basemen George Vico's wild throw to the plate on a squeeze play bunt that permitted the winning run to score, the Atlanta Crackers of the Southern Association beat the Tigers, 3 to 2, today.

Atlanta, thus taking the final of the three-game exhibition series, became the first minor league club to beat Detroit this spring.

Righthander Stan West, although lifted for a pinch-hitter in the seventh when the Crackers scored their third run, was the winning pitcher. He yielded eight hits, the same number Atlanta got off Paul (Dizzy) Trout, who went all the way.

Detroit (A) ... 100 10 000—2 8 3 Atlanta (SA) ... 000 002 10x—3 8 2 Trout and Riebe, West, Mistos (8) and Dozier, Ulisney (8).

PHILLIES DO IT AGAIN

Charlotte, N. C., April 10 (P)—Schoolboy Rowe and Blix Donnelly checked the Washington Senators with six hits today as the Philadelphia Phillies jumped on Buck Newsom and Rae Scarborough for 12 safe blows and a 4 to 2 victory.

CUBS NIP CHICKS

Memphis, Tenn., April 10 (P)—Andy Pafko's three-run homer sparked the Chicago Cubs to an 8 to 7 win over the Memphis Chicks of the Southern Association today in the National league club's road exhibition game.

The Bruins had to overcome a 5-9 deficit to wrap up their 19th victory against 10 defeats and a tie in spring training competition. Pafko's circuit drive provided the final three runs of a five-tally Cub spree in the fifth inning.

REDS BLANK RED SOX

Roanoke, Va., April 10 (P)—Ewell Blackwell, Cincinnati's six-foot five-inch righthander, scattered seven Boston hits today to give his mates a 5-0 victory over the Red Sox.

The Redlegs also hit safely just seven times but made three of them count in the sixth when they pushed over four markers. Bobby Adams started it off with a Homer over the left field fence. Grady Hatton drew a walk and, after Augie Galan had doubled, Ray Lamanno came through with a three-run home run.

PIRATES TAKE BROWNS

Nashville, Tenn., April 10 (P)—Doubles by Bill Cox and Hank Greenberg and singles by Billy Herman and Jim Russell put the Pittsburgh Pirates out in front in the sixth inning and they went on to defeat the St. Louis Browns, 5 to 2, in the Browns' final road exhibition game of the spring season.

FELLER CLOUTED

Darien, Va., April 10 (P)—The New York Giants clouted Bob Feller freely today, defeating Cleveland, 11 to 4, and increasing their lead in the 17-game exhibition series to 8-6. Johnny Mize contributed a circuit blow to a two-run Giant inning in the seventh, then smashed a two-run homer in the eighth.

14,000 SEE DODGERS LOSE

Brooklyn, April 10 (P)—The Montreal Royals, with Jackie Robinson, negro star, Infilder playing his last game for the International League champions, scored all their runs in the fourth inning today to defeat the parent Brooklyn Dodger nine 4-3 in an exhibition that drew 14,282 Ebbets Field fans.

Six Teams Roll Tonight In City Bowling Tourney; Schedule For Next Week

With a busy schedule lined up on three nights next week when singles and doubles competition will be held, six more teams will roll the five-man event in the second shift of the annual city bowling tournament at Arcade alleys tonight, beginning at 7. The marks the keglers will be

most concerned about tonight are Maytag Sales leading 2,963, posted Tuesday night, and the Johnston Printers' 2,961, which currently has them in second place in the tourney five-man competition.

Quintets scheduled to roll tonight are Campbell's Service, Hyde Sportsmen, Hyde Strikers, Larson Brothers, Y Tavern and Herb's Bar.

\$500 PRIZE MELON

Escanaba bowlers, more than 50 teams and approximately 200 individual contestants, are shooting for a sizable split of a \$500 prize melon, considerably more than last year when the bowling fee was subtracted from the entry assessment. The bowling fee is extra this year, and \$1 is charged for entry in each event.

Eighteen pin artists will shoot their doubles and singles next Monday night, beginning at 7. Doubles combinations are W. and H. Johnston, Charles Johnston and K. Olson, J. Schiska and J. Ryan, J. Lund and W. C. Erickson, E. Frechette and C. Larson, C. LaCom and J. Jasnoski, F. Pascal and F. Redstrom, J. O'Donnell and N. Even and the H. Eldred-T. Olson duo.

Slated to roll doubles and singles next Tuesday night, beginning at 9, are the following: H. Villeneuve and M. Valind, D. Wolfe and L. Knauf, F. Knauf and J. Knauf and the Ed Erickson and J. Schwabach combination.

REMAINDER OF SCHEDULE

Others slated to compete Tuesday, some of whom have entered only doubles or singles, are C. Johnson, S. Fraddo, B. Moran, Red Holmes, R. Carlson, R. Moran, L. Brown, J. VanKavort and C. Kleiman.

Doubles and singles contestants next Friday night, April 18, beginning at 7, will be R. Campbell-

F. Campbell, J. Seppensen-W. Salmi, R. Severinsen-W. Severinsen-C. Flynn-J. Orlande, B. Larson-L. Vittilo, F. Salmi-L. Larson, H. Westlund-Al. Weldum, O. Usitalo-F. Thomby and C. Larson and M. Roberts.

"That goes from our president, Ralph Hepburn, in Chicago, and from at least 98 per cent of the owners and drivers who are members of ASPAR," Nalon, acting spokesman, said.

ASPAR, he said, has "officially and formally petitioned the speedway corporation" to boost the prize money from \$75,000 to \$150,000, "or show us why an increase is, as Shaw claims, impossible."

Shoreland Alley Meet Opens May 3; April 23 Deadline

Marquette, April 10.—Entries are being accepted for the fifth annual Shoreland open bowling tournament, scheduled at the Shoreland alleys, Marquette, Mich., May 3, to Sunday, May 18.

Gene Longtime, tournament manager, expects this year's meet to top all others in number of entries and prize money total. The winning team in the five-man event is guaranteed a \$150 award and \$25 is guaranteed the all-events winner. Other prizes will be determined by the number of entries. Prizes will also be awarded booster teams.

Last year's first place winner, the Caspian Shamrocks, received a \$100 cash prize for 2,773. This is a good indication this year's prize list will be higher," Longtime said. "Last year the singles winner, J. Corzin, Caspian, won \$35 with a 604 mark. Anything can happen in a tournament as that comparatively low mark for a first place winner proves."

Len Miron and "Peewee" LaFave, Munising, took the doubles crown with 1,186; Len Miron, Munising, the all events, 1,754; State Police, Marquette, the 800 or less booster prize, 2,463; and John Schillinger, Marquette, and B. Walker, Sault Ste. Marie, high game 254.

The deadline for filing entries with Longtime is Wednesday, April 23.

Michigan Water Ski Team Wins In Dixie

Winter Haven, Fla., April 10 (P)—Skiers from Holland, Mich., won the team match which opened the three-way Dixie water ski tournament here today, with the Cypress gardens group placing second and Miami third.

Dan Hains, president of the American Water Ski association, announced that the second day's program would start at 10 a. m.

with the men and women's slalom contest coming first and the women's trick riding finals set for the afternoon.

ZOLLNERS TAKE OSHKOSH

Chicago, April 10 (P)—Ralph Hamilton, Indiana University's contribution to the Fort Wayne Zollners, pumped in 26 points tonight to lead his club to an 86 to 67 victory over the Oshkosh, Wis., All-Stars—a tournament team scoring record which gave the Zollners third place in the invitational professional cage meet in Chicago stadium.

WILSON RESIGNS

Detroit, April 10 (P)—Wendell S. Wilson, former University of Illinois athletic director, today resigned as director of the Cranbrook school athletic program to devote his full time to his summer camp for boys and girls at Jackson Hole, Wyo.

Perkins Five Honored As Central U. P. D-E League Winner; All-Stars Named

Perkins, April 10—Perkins high school basketball team, which went to the finals of the Upper Peninsula Class E championship tournament in Marquette last month, last night was awarded a trophy emblematic of the Central U. P. D-E league championship at the loop's first annual dinner in the high school.

One hundred and sixty persons, including athletes, cheerleaders and coaches from Nahma, Trenary, Rapid River, Perkins, Rock, Bark River-Harris, Powers, Herkimer, and Oullette, Trenary, forwards, and Smith, Nahma, guards.

Honorable mention on the "E" all-league squad was given to Furlik, Herkimer; Powers, Nahma; Wilson and Gray, Cooks, and Doran, Herkimer.

Named on the all-league "D" team were Sheski, Powers, and J. Good, Bark River-Harris, forwards; Kivekas, Rock, center; Elmer Ledyina, Fred Coppock, Fred Godin, Arthur Stevenson, Ivan Gerou, Napoleon Shar

Beer Sales Slump As Living Costs Increase

Sales of beer, the "working-man's drink," are slipping. Tavern doors swing less frequently. Soaring living costs are cutting the flow of coin across bars.

The U. S. Brewers Foundation admits that in February the nation's brewers sold only 65 barrels of beer for every 100 sold a year ago. A Wall Street Journal survey of beer sales in 12 key cities indicates the drop from last year's level may get steeper in months ahead.

"Tavern beer sales in this town are a solid 30 per cent below a year ago," says one New York City tavern operator. "The soldiers are gone. But that's not the only reason. People just aren't coming in as often—or staying as long."

Less Beering in Philadelphia: Echoes a downtown taproom proprietor in Philadelphia:

"A year ago I had 600 customers a day. Now I have 300. I bought this place for \$35,000 last year. I'd be tickled now to sell it for \$25,000."

The manager of a big tavern in Cleveland said his beer sales in February tumbled 24 per cent from a year ago—and in March were 37 per cent below 1946. Said he: "The reason is plain. It's the same thing that has cut our liquor sales 40 per cent to 50 per cent. People just don't have the money to buy."

In Detroit a spokesman for the Royal Ark Association, whose membership comprises 500 of Detroit's 2,000 taverns, said that while he couldn't tell how much of the loss was on beer, "overall business (beer, wines, liquors) is running 35 per cent to 40 per cent below a year ago."

Tavern owners in San Francisco, hit hard by the passing of Army camps and the thousands of servicemen that were still moving through the city this time last year, report sales have plummeted as much as 60 per cent from the 1946 level.

California Exports Off: January sales of 18 California breweries were 96,000 barrels below last year—a 25 per cent drop. Two larger breweries showed declines of 44 per cent and 49 per cent. Heavy California exports last year, mostly to Army camps abroad, have been cut sharply.

"Competitive selling has returned," says a brewery manager in Los Angeles. "From here on, it's going to be dog eat dog."

In Portland, Ore., a tavern operator complained: "Business today is off 40 per cent to 50 per cent compared to a year ago. It is true of this place and every other tavern in town."

Breweries in the state of Wash-

ington sold 7 per cent less beer in February than a year ago. But one brewing authority in Seattle thinks demand has now dipped to a level "20 per cent to 25 per cent below last year."

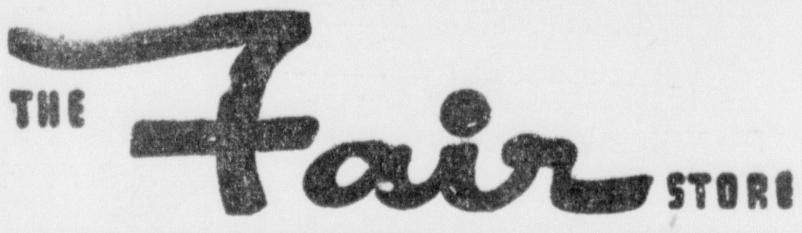

With nightclubs and taverns

hard hit by the passing of heavy war and post-war spending, the present slump, from the brewer's viewpoint, has been felt most sharply in draught beer. But many individual tavern keepers, vending brew both from the tap and in bottles, say bottle sales are falling faster.
